8. Review/Approval – Bills –September 11, 2017 –September 24, 2017
9. Adjourn

Any person who has a qualifying disability as defined by the American With Disabilities Act that requires the meeting or materials at the meeting to be in an accessible location or format must contact: Lynn Niggemann, Administrator-Clerk-Treasurer, 613 Main Street, Colfax, WI (715) 962-3311 by 2:00 p.m. the Friday prior to the meeting so that any necessary arrangements can be made to accommodate each request.

It is possible that members of and possibly a quorum of members of the governmental bodies of the municipality may be in attendance at the above-stated meeting to gather information; no action will be taken by any governmental body at the above-stated meeting other than the governmental body specifically referred to above in this notice.

Village Board Meeting – September 11, 2017

On September 11, 2017, the Village Board meeting was held at 7:00 p.m. at Village Hall, 613 Main Street. Members present: President Stene, Trustees Halpin, Davis, Wolff, Burcham, and Schieber at 7:17 p.m. Excused: Trustee Rihn. Others present included LeAnn Ralph with the Messenger, Director of Public Works Bates and Administrator-Clerk-Treasurer Niggemann.

Minutes - Regular Board Meeting August 28, 2017 - A motion was made by Trustee Halpin and seconded by Trustee Davis to approve the Regular Board meeting minutes from August 28, 2017. Voting For: Trustees Burcham, Wolff, Davis, Halpin and Stene. Voting Against: none. Motion carried.

Training Request – Lynn Niggemann – Momentum West Industrial Land Development Seminar – September 26, 2017 – Menomonie, WI 54751 - A motion was made by Trustee Davis and seconded by Trustee Wolff to approve the training request for Niggemann to attend the Industrial Land Development Seminar on September 26, 2017. Voting For: Trustees Halpin, Davis, Wolff, Burcham and Stene. Voting Against: none. Motion carried.

Operator's Licenses – September 11, 2017 to June 30, 2018

Nicole Gotlibson – Kyle's Market - A motion was made by Trustee Halpin and seconded by Trustee Wolff to approve the operator's license for Nicole Gotlibson. Voting For: Trustees Burcham, Wolff, Davis, Halpin and Stene. Voting Against: none. Motion carried.

Caroline Dworak – Kyle's Market - A motion was made by Trustee Wolff and seconded by Trustee Davis to approve the operator's license for Caroline Dworak. Voting For: Trustees Halpin, Davis, Wolff, Burcham and Stene. Voting Against: none. Motion carried.

Summer Hegge – Express Mart - A motion was made by Trustee Davis and seconded by Trustee Halpin to approve the operator's license for Summer Hegge. Voting For: Trustees Stene, Halpin, Davis, Wolff and Burcham. Voting Against: none. Motion carried.

South Cedar Street – Project payment authorization / Budget Transfer Request – Senn Blacktop, Inc. completed the project on South Cedar Street according to the contractual terms on August 10, 2017. The invoice amount of \$16,430.27 is the payment in full. This road was resurfaced due to severe deterioration near the intersection of Third Avenue and Cedar Street. Since the completion of the road, it has been noticed that the storm water run-off is causing some additional pooling at 401 Cedar Street and 409 Cedar Street. Because there is no storm sewer in that section of town, options to address the issue are being considered.

A motion was made by Trustee Burcham and seconded by Trustee Wolff to approve the payment to Senn Blacktop, Inc. in the amount of \$16,430.27 and the budget transfer of \$12,000 from undesignated funds to cover the additional cost. Voting For: Trustees Burcham, Wolff, Davis, Halpin and Stene. Voting Against: none. Motion carried.

Consider Estimates for Water Tower Control Panel Upgrade – In June 2017, the Water Tower had some error codes that allowed the water tower to have low water levels. The DNR required that the Village have LW Allen look into the errors and determine if there are additional upgrades that would help reduce the chance of a similar occurrence. Bates had LW

Allen take a look and they have provided an estimate for an upgrade of the control panel as well as adding an alarm dialer, installing a local back-up control system, replace the existing pressure transducer and screw-in type of panel heaters, cost \$10,477. A second estimate was requested from B & M Technical Services, cost \$9,520. This is something that has been recommended, but not required by the DNR.

A motion was made by Trustee Halpin and seconded by Trustee Burcham to table this item for the 2018 budget discussions. Voting For: Trustees Halpin, Davis, Wolff, Burcham, Stene and Schieber. Voting Against: none. Motion carried.

Consider recommendations from the Plan Commission

Sale price of a ½ lot – Niggemann contacted the assessor, Barb Zempel, regarding the assessed value of a lot in the East View Development, \$14,900. In a previous meeting, it was agreed that if an interested party expresses interest in additional land, the Village would be willing to allow an individual to purchase a half lot in addition to the lot which will be free to them. The price needs to be determined for the half lot.

A motion was made by Trustee Davis and seconded by Trustee Burcham to approve a purchase price of \$8,000 for the additional ½ lot. Voting For: Trustees Schieber, Stene, Burcham, Wolff, Davis and Halpin. Voting Against: none. Motion carried.

Pay as You Go TIF Incentives for Developers – The Plan Commission recommends to the Board that they be open to Pay as You Go TIF incentives for developers. This could be items such as the Developer installs utilities and they would be refunded up to a certain dollar amount when the structure they have built has created tax dollars. The Developer may want to install sidewalks along Dunn Street with the same type of process. If they Board is in favor of this type of incentive, Cedar Corporation would be in contact with the Chippewa Valley Home Builder's Association to see if there are any Developer's that may be interested.

A motion was made by Trustee Schieber and seconded by Trustee Halpin to be open to possibilities of Pay as You Go TIF incentives if there are any Developers interested in running any ideas through the Plan Commission. Voting For: Trustees Schieber, Stene, Halpin, Davis, Wolff and Burcham. Motion carried.

Network Infrastructure Assessment & Recommendations from CIT- This document shared the findings of the Village software, lack of network, etc.

Computer Integration Technologies (CIT) – IT Upgrades & Recommendations – Considerations for 2018 Budget - A motion was made by Trustee Burcham and seconded by Trustee Halpin to approve the IT Upgrades and recommendations now rather than next year by using funds from the Assigned Future major equipment replacement fund balance. Voting For: Trustees Stene, Halpin, Davis, Wolff, Schieber and Burcham. Voting Against: none. Motion carried.

A motion was made by Trustee Schieber and seconded by Trustee Wolff to set a limit on the IT Upgrade not to exceed \$15,000. Voting For: Trustees Schieber, Davis, Stene, Halpin, Wolff and Burcham. Voting Against: none. Motion carried.

Bremer Bank – Change of account type and use of a letter of credit vs. collateral agreements –

Bremer Bank is no longer going to have their Exec sweep accounts effective January 1, 2018. They will be transferring the current accounts from an Exec sweep to a money market account. This will be change a little bit of how we do business, but will allow for greater interest rate earnings on our money. The new account will also include the change from insuring the Village funds through collateral agreements; they will use a letter of credit with FHLB in Des Moines, IA. Overall this should be a good change for the Village. A motion was made by Trustee Halpin and seconded by Trustee Wolff to approve the account change to a money market and the Letter of Credit with FHLB. Voting For: Trustees Stene, Schieber, Wolff, Davis and Halpin. Abstained: Trustee Burcham. Voting Against: none. Motion carried.

Review/Approval – Bills – August 28, 2017 – September 10, 2017 – A motion was made by Trustee Davis and seconded by Trustee Halpin to approve the August 28, 2017 to September 10, 2017 bills. Voting For: Trustees Burcham, Schieber, Wolff, Davis, Halpin and Stene. Voting Against: none. Motion carried.

Adjourn – Meeting adjourned at 8:01 p.m.

Gary Stene, Village President

Attest: Lynn Niggemann
Administrator-Clerk-Treasurer

APPLICATION FOR COMMUNITY USE OF VILLAGE FACILITIES

*** Please
waive the fee
as we are
a non profit

Regarding: Alcohol Beverage License Applications

Effective October 1, 2017, Cedar Country Cooperative, United Ag Cooperative, and Lakeland Cooperative Services will merge. The new entity will be Synergy Cooperative which will retain the Federal ID number of Lakeland Cooperative, the surviving cooperative. At the current time, both Cedar Country Cooperative and United Ag Cooperative hold Alcohol Licenses. The enclosed applications request that these licenses be transferred to the new company, Synergy Cooperative.

A handwritten signature in black ink, appearing to read "Karl Varnes", with a long horizontal flourish extending to the right.

Karl Varnes
General Manager

- ☒ YES ☐ NO 1. Does the applicant understand that they must purchase cigarettes only from distributors or jobbers who hold a permit with the Wisconsin Department of Revenue?
- ☒ YES ☐ NO 2. Does the applicant understand that they must obtain a Tobacco Products Distributor permit if purchasing untaxed tobacco products from an out-of-state company? (Tobacco Products Distributor permit is available from the Wisconsin Department of Revenue at 608-261-6435. See application form CTP-129, revenue.wi.gov/forms/excise/ctp-129.pdf.)
- ☒ YES ☐ NO 3. Does the applicant understand that they cannot purchase/exchange cigarettes or tobacco products from another retailer, including transferring existing stock to a new owner?
- ☒ YES ☐ NO 4. Does the applicant understand that they must provide employees with tobacco sales training approved by the Wisconsin Department of Health Services? (<https://witobaccocheck.org>)
- ☒ YES ☐ NO 5. Does the applicant understand that they may not sell, give or otherwise provide cigarettes/tobacco products and nicotine products to minors (including electronic cigarettes containing nicotine)?
- ☒ YES ☐ NO 6. Does the applicant understand that they may not sell single cigarettes?
- ☒ YES ☐ NO 7. Does the applicant understand that cigarette and tobacco products invoices must be kept on the licensed premises for two years from the date of the invoice and be available for inspection by the Wisconsin Department of Revenue/law enforcement and that failure to comply can result in criminal penalties, including loss of cigarettes/tobacco products?
- ☒ YES ☐ NO 8. Does the applicant understand that only cigarettes and roll-your-own (RYO) tobacco products listed on the Wisconsin Department of Justice's website labeled "Directory of Certified Tobacco Manufacturers and Brands" at www.doj.state.wi.us/dls/tobacco-directory may be sold in Wisconsin?

Cigarettes / Tobacco will be sold ☒ over counter ☐ through vending machine ☐ both

READ CAREFULLY BEFORE SIGNING: Under penalty provided by law, the applicant states that each of the above questions has been truthfully answered to the best of the knowledge of the applicant. Applicant agrees to operate this business according to law and that the rights and responsibilities conferred by the license(s), if granted, cannot be assigned to another.

Any lack of access to any portion of a licensed premises during inspection will be deemed a refusal to permit inspection. Such refusal is a misdemeanor and grounds for revocation of this license.

Subject: New truck

Randy i have attached a order out window sticker for a Ford F-250 Reg cab with 142 inch wheel base(like a 8ft box) in 4x4 and F-350 Reg cab with 142 inch wheelbase (like 8ft box).

With your fleet concessions discount the F-250 would be \$27,417 and the F-350 would be \$29,048.

If you have any questions on options or truck style please let me know. thanks

Subject: New Holland H6730 price from Value Implement

Rand

I priced you a New Holland H6730.. 6' 8" cutting width

Price is \$8925

On the trade in Rhino DB150

I would give you \$7000

Total boot price \$1925

I can get a mower right away. Any questions let me know. Thanks.

Luke Wilsey

PUBLIC SERVICE COMMISSION OF WISCONSIN

Application of the Village of Colfax, as a Water Public Utility, for
Authority to Construct a Non-Routine Meter Replacement Project, in
the Village of Colfax, Dunn County, Wisconsin

1270-CW-101

CORRECTION ORDER

This Correction Order corrects typographical errors in the Final Decision issued by the Commission in this docket served on August 30, 2017. (PSC REF#: 330243.) The Commission issues this Correction Order pursuant to its authority under Wis. Stat. 196.39(4), and corrects the following typographical errors in the Final Decision.

On page 7, in the first paragraph, the Final Decision references monthly consumption rather than quarterly consumption. This Correction Order corrects the references to monthly consumption in the Final Decision to quarterly consumption.

On page 8, Order Point No. 1., the Final Decision contains a typographical error stating that the facilities are to be constructed in Burnett County. This Correction Order corrects the Final Decision to state that the facilities are to be constructed in Dunn County.

On page 9, Order Points Nos. 6., 7., and 8., the Final Decision references monthly meter readings rather than quarterly meter readings. This Correction Order corrects the references to monthly meter readings in the Final Decision to quarterly meter readings.

Public Service Commission of Wisconsin
RECEIVED: 09/14/2017 1:35:01 PM

Docket 5370-CW-114

The above corrections do not alter the intended effect or the intent of the Final Decision or its effective date. All provisions of the Final Decision issued August 30, 2017, remain in effect.

Dated at Madison, Wisconsin, September 14, 2017

PUBLIC SERVICE COMMISSION OF WISCONSIN

Application of the Village of Colfax, as a Water Public Utility, for
Authority to Construct a Non-routine Meter Replacement Project, in the
Village of Colfax, Dunn County, Wisconsin

1270-CW-101

FINAL DECISION

Introduction

On February 10, 2017, the Commission received an application from the Village of Colfax (Utility), as a water public utility, pursuant to Wis. Stat. § 196.49 and Wis. Admin. Code ch. PSC 184. The Utility seeks authority to construct a non-routine meter replacement program including the installation of AMR technology in the Village of Colfax at an estimated total cost of \$103,000. The Commission issued a Notice of Investigation on July 27, 2017. No hearing was required nor held. No major concerns were brought to the attention of the Commission staff.

The application is GRANTED, subject to conditions.

Findings of Fact

1. The Utility is a public utility as defined under Wis. Stat. § 196.01(5)(a) and provides water service to approximately 470 metered customers in Dunn County.
2. This project consists of constructing a non-routine meter replacement program including the installation of AMR technology at an estimated total cost of \$103,000.
3. The type of project and the estimated cost of this project require Commission review and approval under Wis. Stat. § 196.49 and Wis. Admin Code ch. PSC 184.
4. No person requested a hearing in this investigation.

5. The Utility reported water operating revenues of \$261,274 in 2016.
6. Based on 2012-2016 annual report data, the Utility's non-revenue water has amounted to approximately 28,000 to more than 32,000 gallons per customer per year. The annual value of this non-revenue water is estimated at between \$36,000 and \$92,000.
7. The proposed project is necessary to provide adequate and reliable service for present and future customers.
8. Completion of this project will not substantially impair the efficiency of the service provided by the Utility.
9. Completion of this project will not provide facilities unreasonably in excess of the Utility's probable future requirements.
10. When this project is completed, the additional cost-of-service of this project will be proportionate to the increase in value or available quantity of service.
11. This project may result in losses on the early retirement of some meters for which the Utility may seek recovery in a future rate proceeding.
12. No significant environmental consequences are associated with the project.
13. No significant risk of flooding is associated with this project.
14. The construction of the proposed project will not affect any historic properties.
15. The construction of the proposed project will not affect any endangered or threatened species.
16. Authorization of the project is in the public interest.

Conclusions of Law

1. The Commission has authority under Wis. Stat. §§ 1.11, 44.40, 196.02, 196.025, 196.395, and 196.49, and Wis. Admin. Code chs. PSC 4 and 184, to issue a Final Decision and Certificate authorizing the Utility to construct the proposed facilities at an estimated total cost of \$103,000.

2. The Commission has authority under Wis. Stat. § 15.02(4) to delegate to the Administrator of the Division of Water, Telecommunications and Consumer Affairs, those functions vested by law as enumerated above. It has delegated the authority to the Administrator of the Division of Water, Telecommunications and Consumer Affairs to issue a Final Decision and Certificate for the proposed project.

3. The estimated gross cost of this project exceeds the minimum threshold of utility projects requiring Commission review and approval under Wis. Stat. § 196.49 and Wis. Admin. Code ch. 184.

4. The Commission may impose any term, condition or requirement necessary to protect the public interest pursuant to Wis. Stat. §§ 196.02, 196.395, and 196.49.

5. The application is a Type III action under Wis. Admin. Code § PSC 4.10(3) and requires neither an environmental impact statement (EIS) nor an environmental assessment (EA).

Opinion

Project Description and Purpose

The Utility provides water service to its customers in the Village of Colfax in Dunn County. The Utility's existing water system consists of three wells, one elevated storage tank and reservoirs and 10 miles of water main.

The Utility is proposing construction of a non-routine meter program that will include replacement of all water meters and installation of an AMR system at a cost of \$103,000.

Project Need

The Utility's water meters have reached, or are nearing, the end of their service life and need to be replaced. Currently, meters are manually read which is time consuming and prone to errors when writing down data. Furthermore, based on annual report data, the Utility has been grappling with high non-revenue water for at least the past five years. The new meters and AMR system is being installed as part of an effort to better understand water use in the community. The AMR system will allow the Utility to gather water use data on a more frequent basis, which will help identify leaks, excessive use patterns, and potential billing anomalies. The installation of the AMR system will reduce the labor necessary to read meters and collect data, eliminate the need to access meters directly, and ensure more accuracy in the meter readings. Additionally, the meter replacement project is also needed to allow the Utility to improve customer service and promote conservation through better notification of possible leaks, temperature alarms, and detailed usage information. The Utility indicates it will have a business process in place by the time of installation to notify customers of leaks as they occur.

It is estimated that the Utility's high non-revenue water has had the effect of reducing income from water sales by more than 30 percent for each of the last five years. The condition of approval in this Final Decision requiring the Utility use the free water audit software available from the American Water Works Association (AWWA), version 5.0 and report its findings to the Commission is necessary to help the Utility identify ways in which it can improve its efficiency by reducing non-revenue water.

Alternatives

The application indicated that continuing with the existing meters and manual meter reading is unacceptable because meters are nearing or have exceeded their service life and need to be replaced. Installation of meters that require manual reading would not enable the Utility to achieve its goals of improving customer service and reducing non-revenue water. Installation of the AMR system as part of the meter replacement will aid the Utility in its efforts to reduce non-revenue water by providing access to more accurate information. The type of meters selected for installation are compatible with the AMR system being installed.

Environmental Review

This is a Type III action under Wis. Admin. Code § PSC 4.10(3). No unusual circumstances suggesting the likelihood of significant environmental effects on the human environment have come to the Commission's attention. Neither an environmental impact statement under Wis. Stat. § 1.11 nor an environmental assessment is required.

Project Cost, Construction Schedule, Rate Impact

The total estimated cost of this project is \$103,000. The Utility plans to fund this project with local funds and a bank loan. No grants or public loans are anticipated for this project. The project is scheduled to begin this year and be concluded in the spring of 2018. Commission staff estimates that implementation of this project would result in the need to increase rates by approximately 5.5 percent. This estimated rate impact is provided for general information. The actual amount of any rate increase would be determined at the time that the Utility submits an application for a rate increase. The amount of any increase would depend on several factors,

Docket 1270-CW-101

including but not limited to, project financing, growth in customer demand, inflation, actual project costs, and the requested rate of return.

Some of the meters being replaced in this project may not been fully depreciated. Depending on the overall balance in the reserve for depreciation, this Utility may experience a loss on early retirement. The Utility may seek recovery of any losses in its next rate case.

Conclusion

The project, as conditioned herein, complies with Wis. Stat. § 196.49(3)(b). The project will not substantially impair the efficiency of this Utility's service. The new meters and AMR system will allow faster and more accurate reading of meter and data collection. The AMR system will also improve the efficiency of the Utility's service by reducing labor costs associated with manually reading meters and may allow the Utility to reduce costs associated with non-revenue water.

Completion of this project will not provide facilities unreasonably in excess of the Utility's probable future requirements. The meter replacements and AMR system will cover the existing service customers of the Utility. Future customers will be served as they are connected to the metering system. There is no increase in system capacity with this project.

When placed in service, the project will increase the value of available quantity of service in proportion to any addition to this Utility's cost of service. The new meters and AMR system will provide faster and more accurate meter reading which will improve the operations of the Utility. A primary benefit of advanced metering technology is a utility's ability to identify unusually high or low readings and take corrective action in a timely manner not feasible with manual meters. When timely corrective action is not taken in response to unusually high or low

Docket 1270-CW-101

readings, or other indications of potential error, including failed transmission of readings or sustained zero consumption readings, the customer receives estimated bills or incorrect bills for the period. Customers are required to pay for the utility service that was actually used, so the utility must issue back bills covering previously unbilled usage in situations in which timely corrective action was not taken. Therefore, it is reasonable to require the Utility to regularly review consumer use data and attempt to resolve within one month (30 days), cases in which the advanced technology fails to transmit, shows zero monthly consumption (except in the case of seasonal customers in months in which zero consumption is expected), or shows abnormal and unexpected high or low total monthly consumption, based on reasonable parameters established by the Utility.

In addition to the above requirement that the Utility attempt to resolve missing or abnormal quarterly consumption within one month of the cumulative quarterly reading or bill calculation, the Utility previously verified in its application and response to data requests from Commission staff that other immediate customer benefits will include: reading of meters with poor accessibility, reduction of meter reading time and labor expenses, improve measurement of low flows and reducing data entry errors; allowing the Utility to better notify customers of possible leaks; and allowing customers to lower bills and conserve water with more detailed information.

It is reasonable that the Utility report to the Commission the progress and status of the various immediate and future customer benefits outlined in the application and data request, biannually, until the plan to capture customer benefits is fully implemented, which is currently scheduled to occur in the spring of 2018.

Certificate

The Village of Colfax, as a water public utility, is authorized to construct the facilities proposed in its February 10, 2017, application. The total cost of these improvements is estimated to be \$103,000.

Order

1. The Utility's application for authority to construct facilities in Burnett County, at an estimated total cost of \$103,000 is granted.
2. This authorization is for the specific project as described in the application, at the stated project cost. Should the scope, design, or location of the project change significantly, or if it is discovered or identified that the project cost, including *force majeure* costs, may exceed the estimated cost by more than 10 percent, the Utility shall promptly notify the Commission as soon as it becomes aware of the possible change or cost increase and provide a reason for the change.
3. If the Utility does not begin on-site physical construction within two years of the effective date of this Certificate of Authority, the certificate authorizing the project shall become void unless the Utility: a) files a written request for an extension of time with the Commission before the date on which the certificate becomes void; and b) is granted an extension by the Commission.
4. If the Utility has not begun on-site physical construction and has not filed a written request for an extension before the date the certificate becomes void, the Utility shall inform the Commission of those facts in writing within 20 working days after the date on which the certificate becomes void.

5. The Utility shall submit to the Commission the final actual costs segregated by the Commission's uniform system of accounts within one year after the in-service date. For those accounts where actual deviate significantly from those authorized, the final cost report shall itemize and explain the reasons for any such deviations.

6. The Utility shall immediately investigate any situation where the AMR device fails to transmit scheduled meter readings and attempt to resolve the situation before the next monthly cumulative reading or bill calculation. The required attempt to resolve the situation must include an attempt to obtain an actual, not estimated, reading of the customer's meter, performed by the customer or by the utility, based on physical inspection of the meter or on the successful automatic transmission of a reading to the utility, by the subsequent billing date.

7. The Utility shall investigate and attempt to resolve all zero consumption monthly readings within one month, with the exception of seasonal customers in months in which zero consumption is expected, and all unexpected and abnormally high and low cumulative monthly readings within one month.

8. The Utility shall report biannually to the Commission on its progress toward implementing the proposed customer service benefits listed in its application. The biannual reports shall discuss those benefits or features already implemented, those pending implementation, and those the Utility is unable to implement. The report shall include a definition of the parameters used by the Utility to identify and respond to abnormally high and low cumulative monthly readings. The first report shall be submitted to the Commission no later than six months after completing the installation of its AMR system and these reports shall

Docket 1270-CW-101

continue until the proposed benefits have been implemented, at which time the Utility may cease reporting.

9. The Utility shall use the AWWA Free Water Audit Software v. 5.0 to prepare a water audit and shall provide a copy of the results to the Commission no later than six months after completing the installation of its AMR system.

10. This Final Decision takes effect one day after the date of service.

11. Jurisdiction is retained.

Plan Commission Minutes, September 6, 2017

On September 6, 2017, the Plan Commission meeting was called to order at 6:00 p.m. at Village Hall, 613 Main Street, Colfax, WI. In attendance: Nancy Hainstock, David Wolff, Dave Hovre, Jason Johnson and Mike Buchner. Excused: Village President Gary Stene. There is one vacancy. Others Present: Patrick Beilfuss with Cedar Corporation, Herb Sackalakas with the Colfax Railroad Museum, Public Works Director Rand Bates, Administrator-Clerk-Treasurer Lynn Niggemann and LeAnn Ralph with the Messenger.

Public Appearances – none.

A motion was made by Wolff and seconded by Hovre to elect Buchner as chair. All members voted yes and Buchner accepted.

Soo Park discussions –

Sealed Bid – minimum bid amount/Zoning – Discussions occurred regarding the possibility of vacating part of Park Drive. The rules regarding vacating a public right of way require the municipality to give fifty percent of the vacated right of way to the adjoining property owners. The Municipality would be able to take title back on the property if the property owner agreed to quick claim deed it back to the Municipality.

Possibilities that are being considered for the Soo Park property include the Colfax Railroad Museum for a small train ride for children, CTL as a parking garage, Mark Ackerman and the possibility to market it as a multi-family residential land. Patrick has drawn up a garage approximately 62' by 170' which would potentially house twenty cars. This may be larger than CTL was planning, but that size of a building would fit in the space.

Herb has mentioned that the land that the Museum currently has south of the railroad tracks would be sufficient, but due to the sharper turns, the wear and tear on the wheels would be more. The Village also needs to confirm current zoning for the property at Main Street in regards to future commercial use. The Village has utilities that run relatively parallel to the tracks and whether there is a concern regarding any easements for public utilities on the property.

A third possibility would be multi-family housing. Currently, there has not been anyone that has expressed specific interest for that reason.

As the committee continued to discuss the property, they began to consider the possibility of trying to arrange the land to allow both the Colfax Railroad Museum and the CTL garage to fit if any adjoining property owners were interested in selling a lot or a portion of a lot. The Committee has requested Niggemann and/or Bates to approach current property owners to see if they are interested in selling any land so that the Village can attempt to work with both interested parties. There will be contact with CTL also to see if he still has interest.

East View Development

Phase one – sell ½ lots to interest parties/Value recommendation – The Plan Commission has discussed the interest in selling a half lot with the free lot if an potential buyer has requested more land. The value of the half lot will need to be considered. The assessed value of a full lot 80' x 160' is \$14,900. The suggested sale value for a half lot is \$8,000. A motion was made by Hovre and seconded by Wolff to recommend to the Board to set a price for a half lot in the East View Development at \$8,000. Voting For: Hainstock, Wolff, Hovre, Johnson and Buchner. Voting Against: none. Motion carried.

The interested parties should be contacted to confirm interest so that it can be decided which lot to put the interested party into.

Phase one – Twin Home – Lots 1-3 – The first three lot sizes will be looked at when interest is expressed.

Phase two – Incentives for possible Developers – A motion was made by Wolff and seconded by Hainstock to recommend to the Board to be open to incentives such as a Pay-as-You-Go TIF incentive or consider other suggestions on a case by case basis. Voting For: Hainstock, Wolff, Hovre, Johnson and Buchner. Voting Against: none. Motion carried. This type of incentive allows for the Village to get some utilities, roads or sidewalks installed without paying for it. The TIF incentives should be looked at by considering the tax value that the Village would acquire and the improvement reimbursement should not be greater than this value. The Village would reimburse the Developer for costs when a building is complete and the value shows up on the tax roll. Once the taxes are paid, the Developer would receive those funds back.

Phase two – Developers Agreement details – This will be considered at the time of interest.

Old Nursing Home discussion/update – Niggemann wanted to inform the Plan Commission of the offer which the Village Board is considering. The Colfax Health and Rehabilitation has offered the old nursing home building and land to the Village at no to little cost. The Village Board has agreed to do a cost analysis of the building to decide if the building is of interest to the Village. Other options that have been mentioned are that the Village takes over the facility, raze it and then there is approximately 4 acres of vacant land that can be marketed.

Adjourn: A motion was made by Wolff and seconded by Johnson to adjourn the Plan Commission meeting at 7:35 p.m.

Mike Buchner, Chair

Attest: Lynn Niggemann
Administrator-Clerk-Treasurer

Public Works Committee Meeting
September 18, 2017
5:30 p.m.

The Village of Colfax Public Works Committee met on September 18, 2017 at the Village Hall. Members present were Chair Rihn, Trustees Wolff, Burcham and Stene. Also present was Public Works Director Bates and Administrator-Clerk-Treasurer Niggemann.

Water/Sewer/Streets – Budget Items – Truck Estimates

Bates currently has a 2001 Chevy Service Box Truck, a 2004 Chevy Truck with a Workbed and a snow plow and a 2006 Chevy Dump Truck with a snow plow. Bates has contacted Northtown Ford and Colfax Chevrolet for estimates to possibly trade out the 2001 and/or the 2004 truck(s). Bates is interested in setting the vehicles to be on a roll out plan going forward. He requests that a certain amount of money get set aside so that the vehicles can be traded approximately every four to six years.

Streets Vehicle

<u>Description</u>	<u>Northtown Ford</u>	<u>Description</u>	<u>Colfax Chevrolet</u>
2017 Ford-F250 (fleet price)	\$27,417	2018 Chevy 3500HD	\$31,400

Plus Set-up fees		Plus Set-up fees	
Total	\$31,070	Total	\$33,540

Sewer/Water Vehicle

<u>Description</u>	<u>Northtown Ford</u>	<u>Description</u>	<u>Colfax Chevrolet</u>
2017 Ford-F250 (fleet price)	\$27,417	2018 Chevy 3500HD	\$31,400
Service Box (Indianhead)	7,400	Service Box (Indianhead)	7,400
Subtotal	\$34,817	Subtotal	\$38,800
Less: Trade-in	(5,500)	Less: Trade-in	(\$4,000)
Plus Set-up fees		Plus Set-up fees	
Total	\$29,327	Total	\$34,800

It was suggested by Rihn to look into additional estimates from P & J which might be a little bit more expensive or Goodrich which may be 1,000 to 2,000, but the quality in regards to rust and paint will hold up much longer. Bates will check prices.

A motion was made by Trustee Burcham and seconded by Trustee Wolff to recommend to the Village Board to consider purchasing 2018 trucks for the Streets and the Sewer/Water Utilities now and set them up, begin budgeting in a 2 year rotation for a 6 year roll out for each vehicle. Voting For: Trustees Burcham, Stene, Wolff and Rihn. Voting Against: none. Motion carried.

A motion was made by President Stene and seconded by Trustee Wolff to use Undesignated Funds for the Streets vehicle and split the cost for the Water/Sewer truck from the Fund balances. Voting For: Trustees Stene, Burcham, Wolff and Rihn. Motion carried.

Water Meter Project - Approved/Timeline/Funding

The Public Service Commission has approved the meter replacement project. The Public Works Department would prefer to begin the installation beginning April 1, 2018 after the March reading. The project would start in the Northeast part of town. The Village would be able to budget for some additional cost for the meter cost and reduce the financing portion by waiting until 2018. Funding can be addressed in a Board meeting during the budgeting process.

Adjourn - A motion was made by President Stene to adjourn the meeting at 6:50 p.m. All members voted yes. Meeting adjourned.

Casey Rihn, Trustee
