Reported that he and Administrator-Clerk-Treasurer Cogswell met with Cedar Corporation representatives to discuss economic growth. Cedar Corporation sent a list of questions that a municipality should ask of any business looking to locate in the Village.

Colfax Municipal Building Restoration Group — The Colfax Municipal Building Restoration Group asked the Board for the use of the Municipal Building for a preservation week presentation. They are looking at the last Saturday in April. The Board asked the group to fill out a building use form and submit it for the next council meeting. The Colfax Municipal Building Restoration Group asked Board about the repairs to the new window in the historical room, the Board referred this question to the Building Committee. The Colfax Municipal Building Restoration Group asked about the cleaning of the municipal building. The Board is looking into having it clean professionally after the renovations are complete and will looking at getting an individual to clean the building each week after. Colfax Municipal Building Restoration Group gave a letter to the Board from a former trustee that stated there are funds available for additional painting and repairs. The Board referred this letter to the Building Committee.

**Tower Park Trees** – Pat Eggert from the Colfax Women's Group gave an update to the Board on the status of the trees in Tower Park. They had Chris Rooch, an arborist, come and look at the trees and give suggestions and estimates on the trimming and removal of the trees. The Blue Spruce is diseased and it is recommended that it be removed and replaced with a Black Hills Spruce for \$475.00. The Maples are in good shape but need trimming, at \$25.00 a tree, and the Bass Wood is also in good shape but needs a lot of trimming, \$325.00. The Colfax Women's Group is going to speak with the Kiwanis to possibly split the cost of the work. The Board suggested that if help is needed that they should come back to the Board after they have met and decided on the work to be done.

**Tree Abatement 407 High Street** – The Board discussed the tree at 407 High Street, even though it was trimmed back, it still represents a problem because of its condition. There was discussion on what was decided back in the original October 24, 2011 meeting. The Board discussed further trimming and inspection or removal.

Motion by Trustee Schauer; seconded by Trustee S. Olson to have a letter sent to the home owner requesting the tree be cut down by March 14, 2012.

Voting for: Trustees Halpin, S. Olson, Schauer, Johnson & Stene

Voting against: none Motion carried.

**Kennel Request** – The Board was informed that a resident has asked for a kennel license. Since this is the first request, the Village does not have the proper application or process in place to carryout this request. Chief Gehring informed the Board that he would like the kennel license reviewed and some possible changes made for the future. The Board agreed that the ordinance should be reviewed.

Motion by President Stene; seconded by Trustee Halpin to authorize the Administrator-Clerk-Treasurer to research and create the process and documentation for a resident to obtain a kennel license.

Voting for: Trustees Schauer, Johnson, S. Olson, Halpin, & Stene

Voting against: none

**Water/Sewer Computer Purchase Request** – The Board discussed the bids that were presented. The Board expressed concern on using an online warehouse firm to purchase the computer. The Board felt more comfortable getting quotes from companies we have worked with in the past to obtain computers.

Motion by Trustee Schauer; seconded by Trustee S. Olson to authorize the Administrator-Clerk-Treasurer to obtain bids from the companies we have used in the past that include the computer, service agreement, and data transfer and to purchase the computer that he feels is the best option.

Voting for: Trustees Schauer, Johnson, S. Olson, Halpin, & Stene

Motion carried.

**Residential Building Inspector** – Chief Gehring described the situation that has prompted this issue, the Village does not currently have a Residential Building Inspector to review work that is being done on homes in the Village. The Village Building Inspector issues permits for the work but is not licensed to inspect the larger projects. This system has been in place for a number of years. Cedar Corporation has stopped inspection services as of January 1, 2012.

Motion by Trustee Johnson; seconded by Trustee Schauer to authorize the Chief of Police to investigate the current complaint and Administrator-Clerk-Treasurer to advertise and collect bids for Residential Building and Commercial Building Inspectors.
