Village Board Meeting – March 23rd, 2020

On March 23rd, 2020, the Village Board meeting began at 7:00 p.m. at Colfax Rescue Squad, 614C Railroad Ave., Colfax, WI. Members present: Trustees M. Burcham, K. Burcham, Jenson, Michels, Davis and Gunnufson. Excused: Trustee Halpin. Others Present: Director of Public Works Bates, Administrator-Clerk-Treasurer Niggemann and LeAnn Ralph with the Messenger.

Public Comments– none.

Communications from the Village President – Gunnufson wanted to commend all the residents of Colfax and neighboring communities that continue to make sacrifices to limit social interactions with your family, friends, neighbors and business partners. This is not an easy task as busy families try to cope with the mitigation of COVID-19 pandemic that has already crippled our neighborhoods and our economy. Through strict guidelines that are being enforced daily, there will most likely be additional challenges for our families, our communities and our nation. I would like to urge the cooperation of our community to consider all warnings, guidelines, and protocols set forth by the World Health Organization (WHO), the Centers for Disease Control (CDC) and all State, County and Federal levels. We all need to be diligent and cooperate fully so we can get our community back to normalcy as soon as possible.

These laws require fair housing with no discrimination. The Village of Colfax supports the shared goal and responsibility to provide equal housing opportunities to all and joins the nation in celebrating April 2020 as Fair Housing Month; signed and sealed on March 23, 2020 by Scott Gunnufson, Village President and attested by Lynn Niggemann, Administrator-Clerk-Treasurer.

COVID-19 Discussion – Possible Action- Niggemann and Bates notified the Board of the COVID-19 items that will directly affect the Village of Colfax such as no late fees can be assessed on the April bills, Public Works is not allowed to enter any homes to turn off water or change out meters, April election will happen and Village Hall is encouraging absentee voting to follow the State Safer at Home order that went into effect on March 17th, 2020. Discussion topics for the Board:

- Consider altering work schedules.
- Consider giving Niggemann the authority to make work changes without Board approval if the state or federal government issues any additional orders.
- Consider electronic meetings with Zoom. Knutson has purchased a monthly subscription to hold his EMT meetings virtually.

Gunnufson asked if the Ambulance is implementing any new processes with the COVID-19, are they responding or do they have a special task team that will be responding during this time? Niggemann explained that Colfax Ambulance is responding to calls and they have implemented all the recommended gear requirements and have increased their cleaning precautions.

K. Burcham asked why Village Hall is open to the public and why we are not requiring a phone call to schedule an appointment time. Niggemann explained that the traffic at Village Hall is minimal other than the election which is required by state and national laws. The Village Hall hours and staffing can be reviewed at the next meeting.

Bates explained that other municipalities have rotating schedules for sewer and water. Rotating schedules daily, weekly, three twelve hour shifts and paid for their normal scheduled hour. With COVID-19, unemployment can be requested with no waiting period. Gunnufson mentioned how his employer is handling COVID-19; if an employee voluntarily chooses to not come to work they are required to use PTO, however if an employee was traveling for work, they will be required to quarantine, this would be paid time off. Davis agrees that the Colfax Public Works should work one week at a time. Burcham asked what Bates would like for his employees? Bates mentioned that the staff even when not at work would be on call for emergency situations. After more discussion, a motion was made by Trustee Davis and seconded by Trustee M. Burcham to have the Public Works staff rotate with one staff working per week. Voting For: Trustees Davis, Michels, Jenson, K. Burcham, M. Burcham and Gunnufson. Voting Against: none. Motion carried.

In reference to the COVID-19, a motion was made by President Gunnufson and seconded by Trustee Davis to allow Niggemann temporary permission to make critical decisions by consulting with President

Gunnufson. Voting For: Trustees K. Burcham, M. Burcham, Davis, Michels and Gunnufson. Abstained: Trustee Jenson. Voting Against: none. Motion carried.

In reference to possible electronic meetings, what would the Board like to do? Niggemann indicated that Knutson has purchased a subscription for Zoom meeting for the Rescue Squad monthly meetings. The Village can utilize that software subscription for Board meetings if electronic meetings are of interest. Gunnufson said that the electronic meeting would not be a requirement, however may be optional for anyone that may not feel well or does not want to be exposed at future meetings during the pandemic.

Review/Approval – Bills –March 9th, 2020 to March 22nd, 2020 – A motion was made by Trustee M. Burcham and seconded by Trustee Michels to approve the bills for March 9th, 2020 to March 22nd, 2020. Voting For: Trustees K. Burcham, M. Burcham, Jenson, Davis, Michels and Gunnufson. Voting Against: none. Motion carried.

Adjourn – A motion was made by Trustee Davis and seconded by Trustee M. Burcham to adjourn the meeting at 7:54 p.m. A voice vote was taken, and all members voted in favor to adjourn. Motion carried.

Donald Knutson
Director
Colfax Rescue Squad

Dear Donald:

FOAMfrat would like to thank you for trusting us with assisting in the continuing education of your team. We have created one of the most creative, engaging, and all-inclusive sources for not just obtaining continuing education hours, but also growing as a provider. The FOAMfrat education portal currently has over 100 hours of self-paced CAPCE accredited content covering all required topics per NREMT.

Included in this course is access to our virtual instructor-led classroom. These classes take place Monday through Friday and satisfy the synchronous (F5) required content for National Registry. After each course students will complete a short quiz and survey. Our CAPCE accreditation allows students to enter their NREMT number and automatically transfer their completed education into the NREMT database.

Our team will build Colfax Rescue their own specific portal to allow administrators, such as yourself, access to watch the progress of your members as they work through the course. Our learning management system (Canvas) is consistently rated the best within the world of online education management.

As per our conversation, the price per member will be \$49.99 with a minimum of 10 members. This membership will last one year, and you will remain locked in this price as long as renewal time does not lapse 60 days.

Thank you for choosing FOAMfrat and we look forward to working with you and your team.

Sincerely,

Tyler Christifulli CCP,NRP, FP-C

Electrical bid to change out the existing 200-amp, fused disconnect at the Waste Water pump station.

This will require an Xcel disconnect so the meter socket will also have to be upgraded. You only have about 10' of clearance on the overhead wire. It will be cheaper for you to have Xcel bury their feed wire than for us to extend the mast to meet the 18' requirement for this situation. Therefore, add about \$900 to be paid to Xcel Energy for converting your service to underground wiring.

The meter socket will be upgraded to a 320-amp meter socket. This will allow you to get power from the service for a future garage by adding another fused disconnect from the meter socket.

The existing fuses will be re-used.

C.R.S. Notes:

- ***A new normal:*** Every patient gets a mask, every EMT wears a mask, EMT's may wear gowns and face shields, May recommend not transporting a patient-quarantine at home, sterilizing the ambulance 4 times or more often than before, EMT's take temperature before punching in (100.0 or over sent home), EMT's get temperature taken before entering nursing home, Personal protective supplies and disinfectant's harder to get (need to plan at least 1 month before needed), Virtual Meetings (Weekly with State EMS Dept/State Medical Director, Weekly with Dunn County Health Dept., Virtual staff meetings), 6 foot spacing when practical, No more than 10 people in a room at one time (trainings cancelled), Accepting Donations of Masks and gloves from business's and individuals (never thought I would get operating supplies from the public), etc.. Just received some PPE from the national stockpile.
- **I cannot stress enough about social distancing! 6 feet apart, no more than 10 people in a room, try to keep your contact to a close group of 3-5 people (no sleepovers, house parties, in person meetings, walking outside is great exercise just keep 6 foot spacing and walk with the same small group (don't walk with different people).**
- I have had a local business reach out for advice on best practices.
- As the COVID-19 Pandemic evolves area hospitals may reach capacity at which time we may have to triage patients and transport to non-traditional destinations. Such as urgent care facilities. Federal and State emergency declarations allow this to happen. Centers for Medicare and Medicaid Services has also authorized payments to transport to these locations.
- *Why don't we make it fun while our activities are limited? Everyone put a different stuffed animal in their window and walkers can see how many different animals are spotted while they walk around. Let's just call it a zoo treasure hunt!*

Administrator-Clerk-Treasurer

April 7th, 2020 Election

Sheila mailed 198 absentee ballots for the election. 8 of the absentee ballots have indicated they did not want to vote. As of Thursday, we only have 8 outstanding ballots. We hope that they will all arrive with the appropriate postmark date and will be able to be counted on Monday, April 13th.

We had a total of 291 voters on election night. That consisted of 164 absentee ballots and 135 in person voters. As of Thursday we have 181 of 198 absentee ballots returned. Of the 17 outstanding, 8 have chosen not to vote and we are waiting on 9 ballots. We had 590 registered voters plus 11 late registrants and 8 Election Day registrants, ending with 609 registered voters. 316 votes cast so far. 51.8% voter turnout. Awesome!

The election itself went very well. Some of the precautions that we took at our polling place:

- Sanitizing stations as you enter the building.
- Signs at the entrance asking the residents to call for curbside voting if they had any fever, cough, etc.
- Six foot distancing signs and tape on the floor.
- Pens provided by the state that the voters could either discard into a pail for sanitizing or they could take the pen with them.
- All marking pens for the ballots and the stylists used for the electronic machines were sanitized after and before each voter.
- Voting Machine screens, surfaces, door knobs, etc. were sanitized at least once an hour.
- Masks and gloves were available.

Majority of the voters that came to do in-person voting had their own mask and a lot of them also wore gloves.

The Board of Canvas will happen on Monday, April 13th, 2020 which is the process that reports the votes for each candidate. This process usually happens on election night, but with the changes that were ordered, we will complete this on Monday. I should have the results to report at our Board meeting for the Village Trustee positions.

Organizational Meeting

Ordinance Sec. 2-2-9 (b) Meetings - Annual Organizational Meeting.
