Letter of Resignation – Colfax Village Board Trustee

Due to a moral dilemma I am submitting my letter of resignation to the Colfax Village Board as a Trustee.

As an elected member of the Board, it is my obligation to represent the residents of the Village of Colfax to the best of my ability. Unfortunately, it is the lack of my ability, which is a severe hearing impairment, to properly represent the Colfax residents.

Due to the ongoing COVID-19 concerns, more and more people are wearing masks in public, more and more people are utilizing Zoom and other technology to protect themselves and others during these unprecedented times.

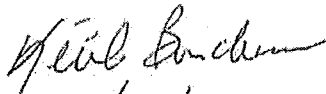

My hearing impairment required me to learn to read lips at a young age as I am unable to hear certain sounds and have to use reading lips in conjunction with what sound I can hear, to interpret what a person is saying. Even with the most advanced hearing aids currently available on the market, a hearing aid is just basically a loudspeaker. It will not enable a person to hear sounds that they can not hear in the first place. As previously mentioned, with the wearing of masks and call in technology, I am unable to read lips to go along with my lack of hearing.

While the Village Board members have tried their best to work with me on this subject, for which I am most grateful, it has become increasingly difficult (and frustrating) to make a meaningful decision regarding Village Board considerations when I know I'm not hearing all the facts.

I want to apologize to the residents of Colfax that I can not fulfill my elected obligations and I wanted to Thank each Board member, past and present, for everything that you have done for me. Being on the Board has opened my eyes as to how much the Board is dedicated to understanding and working for the residents of Colfax.

If the Board accepts this resignation, I prefer my last meeting as a member to be the July 27th meeting.

Thank you All.

Letter of Interest for Colfax Village Board Trustee Vacancy

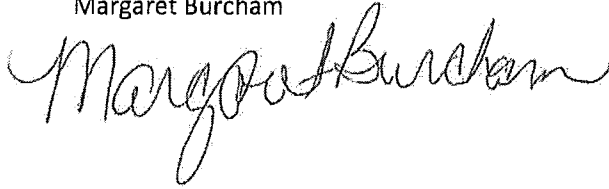

Hello,

I am submitting my letter of interest for a vacancy of Trustee on the Colfax Village Board.

I have recent experience up until the Spring election of 2020 as a Trustee on the Colfax Village Board, and I am confident that I could fill in the remainder of the vacancy term with little to no interruption.

Thank you in advance for your time and consideration.

Survey that was sent to Village of Colfax residents on 7-1-2020 with water bill.

July 1, 2020

Due to proposed changes in the Dunn County Solid Waste and Recycling Program, which will negatively affect our residents, the Village of Colfax is looking into other options. Your Village Board encourages you to complete the attached survey, which should only take two minutes.

In November 2019, the Dunn County Solid Waste and Recycling Department (DCSW&RD) held a special meeting to discuss a Proposed Alternative Solid Waste and Recycling Business Model. At this meeting, it was proposed to increase fees to the towns to help balance the budget, at the same time they would stop recycling select items that are not mandated to be recycled by the State of Wisconsin. Since towns had already passed their local budgets, based on numbers provided by DCSW&RD, and prepared documents for their residents, the Dunn County Solid Waste and Recycling Management Board (DCSW&RMB) decided to leave the amount charged to towns the same. This action resulted in a deficit for 2020.

Fast forward to the spring of 2020, the DCSW&RMB started to discuss the deficit and how they would overcome it. DCSW&RMB recommended borrowing \$330,000 from the County general fund to cover expenses through the end of the year. They also cut services or closed some of the sites to help with the deficit. At the same time, DCSW&RMB started discussing a plan for purchasing new equipment and building a new transfer station at the Hwy 29 site. On May 13th, the County Manager and Chief Financial Officer recommended denial of the budget adjustment request from the DCSW&RMB. On May 20th, the Dunn County Board of Supervisors passed a resolution to borrow the money with the caveat that it will be paid back in 2021 by charging the municipalities of Dunn County that participate in the program.

The DCSW&RMB is proposing a levy referendum to be placed on the ballot in November 2020 to exceed the levy limit by up to \$1,000,000 for the next five years to pay for a portion of the cost associated with capital improvements or operations of the Dunn County Solid Waste and Recycling Program. The resolution for the referendum was presented to the Dunn County Board of Supervisors on June 17th; the resolution was postponed until July as DCSW&RD did not have the financial impact numbers for the resolution.

By completing this survey, you will help us gauge the level of participation each resident has in the recycling and solid waste program.

Subject: Estimated Per Capita Calculator
Attachments: 2021 Per Capita Municipality Calculation (1).xlsx

Good afternoon,

In preparation for the upcoming municipal meeting on July 30, some of you have asked me to forecast a way for municipalities to know how the estimated 2021 per capita would fluctuate if one or more current partners withdraw from the solid waste and/or recycling programs. Attached is an estimated Per Capita Calculator spreadsheet that you can use as a tool to determine what the 2021 per capita may be under various participation scenarios. Please note that the 2021 per capita built into this spreadsheet is estimated, and will not be final until late August. I can say with some confidence that I do not anticipate the projected 2021 per capita to fluctuate much, if at all, between now and late August, so the spreadsheet should provide a good way for you to forecast your municipality's estimated per capita for next year.

The disclaimers for this spreadsheet:

- This is calculated using the preferred Wed/Sat collection site model for 2021, as discussed at the last municipal meeting.
- The spreadsheet uses DOA population numbers from 1/1/2019. The new 1/1/2020 numbers will be on the DOA site sometime in mid-August and we will update this spreadsheet accordingly, at that time.

For example, if the DNR decides that it is legal for municipalities to withdraw from our RU, this is how it would play out financially with losing the Town of Red Cedar.

- You would want to select "No" in the Program Participation column next to the Town of Red Cedar in both the solid waste and recycling programs.
- This will change their population to 0 and recalculate the per capita and the remaining municipalities' financial obligation to remain in the program.
- If the Town of Red Cedar withdraws, the solid waste per capita goes from \$36.02 to \$39.45 and the recycling per capita goes from \$22.02 to \$23.23.

We will have additional information to share at the meeting on July 30.

Thank you,

- 2- Review options that Menomonie Disposal provided.
 - Option MD1 - program runs similar to DC, but we are renting the equipment.
 - Option MD2- program runs similar to DC, but we would have equipment cost.
 - Option MD3 - Not advised; curbside trash and recycling.
 - PROs - All services are with one vendor
 - CONs - Local hauler could be financially hurt.
- 3- Continue using Viking Disposal for curbside recycling and hire hauler for trash from a common spot.
 - Only costs that I have right now are Est. curbside recycling is \$24,436 + trash hauled at \$140/Ton.
- 4- Discuss any other options that Board can think of.

Please read Morgan Gerk's email regarding Dunn County's request of the Municipalities.

Subject: Menomonie Disposal Quotes
Attachments: 20200720134303177.pdf

Hi Scott and Lynn,

I have attached three options with some number for you. The first quote is if you were to lease the compactor from us, the second is if you were to purchase a compactor. With the county site you may have an option to purchase the equipment from the county if they no longer are manning the site. After 5 years the township would own the compactor and the rental fee would not be charged. We could do a trial period on this to see exactly how many exchanges you would need on the containers and lock it in once we have an idea of how much or how little services you will require. The numbers quoted are a rough estimate of what we feel your township would require for services. These rates are based off the compactor being exchanged every other week (2 pulls per month) and the recycle boxes at 5 pulls per month.

The third option is for the curbside service for each dwelling. I included all dwellings 4 plex and under including the mobile home park. The curbside rate is based off how many homes and the price is the following:

\$15.00/month per home for weekly trash collection \$8.00/month per home for once a month single stream recycle collection

Total: \$23.00/month per household We would provide a 96 gallon cart for trash and a 96 gallon cart for mixed recycles. This would be a five year contract. Year one and two there would be no CPI and years 3 4 and 5 would have a CPI added of 5% per year. The rates would be the following for the five year term:

Year one: \$23.00/household
Year two: \$23.00/household
Year three: \$24.15/household
Year four: \$25.36/household
Year five: \$26.63/household

In year four Menomonie Disposal would have the option to extend the contract to a ten year with new rates prior to the cancellation of the contract. Both parties would have to agree on these fees prior to the extension.

I did want to mention the county program as well. There may be some legalities to leaving the program. The DNR is currently having their legal team look at the contracts to verify if townships can pull out of the county program. I can forward you a contact at the DNR that you may want to reach out to in regards to this. I can also send you the emails that I have had with them for some more information.

Let me know if you have any questions and if you would like us to attend a board meeting to discuss these quotes further in detail. I look forward to hearing from you!

Employment Opportunity
Village of Colfax
Full-Time Public Works - General Laborer

The Village of Colfax, WI is accepting applications until Wednesday, August 5th, 2020 at 4 p.m. for a Full-Time Public Works General Laborer, with a current rate of pay range of \$16.00 to \$19.00/hour, depending on qualifications. This position will receive health, dental & life insurance plus retirement, other than those required by law.

The General Laborer works under the policy direction of the Village Board, under the supervision of the Public Works Director. Position performs a variety of complex and routine general laborer tasks such as operation of light, medium and heavy-sized equipment, building cleaning/maintenance, lawn care, routine vehicle and equipment maintenance, assist with maintenance and repairs of streets, sidewalks, water, sewer, parks and cemetery, among other various tasks as assigned. Position typically works Monday-Friday day shifts, with flexibility based on departmental needs.

It is the policy of the Village to ensure equal employment opportunity for all employees and appointed representatives. This commitment includes a mandate to promote and afford equal treatment to all employees and Village appointees. To assure equal employment opportunity based on ability and fitness to all persons regardless of race, religion, color, creed, national origin, sex, marital status, age, or the present of any sensory, mental, or physical disability unless such disability effectively prevents the performance of duties required by the position and the Village is unable to make a reasonable accommodation which would obviate the limitation created by the disability.

Application and job description are available on the Village's website: www.villageofcolfaxwi.org, and at Colfax Village Hall, 613 Main Street, Colfax WI 54730. Completed application shall be mailed or dropped off to the Village of Colfax, Attn: Lynn Niggemann, PO Box 417, 613 Main Street, Colfax, WI 54730.
